**PRESCHOOL SCREENINGS
CALLING ALL 3 & 4 YEAR OLDS**

Staunton Elementary School will conduct annual preschool screenings for the 2017-2018 school year on April 3, 4, 5, & 6 2018. This is a free developmental screening for all preschool children who will **not** be eligible to attend Kindergarten in the fall and will be three (3) years old on or before **September 1, 2018**. Parents are encouraged to take advantage of this opportunity to identify their child's strengths as well as weaknesses in the areas of fine and gross motor skills, concepts, and communication. Vision and hearing will also be screened. Parents will be asked to complete a parent interview form covering early development. It may be helpful to bring the child's baby book. Parents will be informed of their child's performance immediately following the screening. The school's goal is to assist parents in determining that their child will be ready for Kindergarten and will be able to make the most of future school experiences. **To be eligible for any preschool services, children must participate in a screening.** To schedule an appointment, please call the Staunton Elementary School at (618)635-3831 as soon as possible. Appointments must be made in advance.

****Preschool for All Children (3-5) programs are being funded on a competitive basis. Staunton CUSD #6 will conduct screenings in anticipation of funding of our proposal by the Illinois State Board of Education.**

The mission of the Staunton Community Unit School District #6 is to provide a safe and superior learning environment for all students so that they may acquire the knowledge, skills, and character to be productive members of society.
